Oleksandr Melnychenko
Full Stack Developer

Summary

I am an ambitious and young developer who strives for self-development and will not stop before any obstacles. For me, there is no ceiling that I can lean against and tell myself that I have learned enough. I have a lot of experience in communication with other people, as this is the key to successful teamwork. Analytical mindset has always helped me solve any problems both at work and in life. Solving problems has always been interesting and exciting for me and has always been one of my favorite activities.
